

InSDB-2018 *mini-symposium*

# Skeletal Differentiation, Maintenance and Regenerative Medicine

Date:  
11<sup>th</sup> December 2018, 10:00 AM

Venue:  
BSBE seminar room, IIT Kanpur

**Tissue engineering and lubrication of articular cartilage:  
Signals, stem cells and scaffolds**

A. Hari Reddi, PhD  
UC Davis Medical Center / UC Davis School of Medicine

**Injectable scaffold-based strategies for cartilage tissue  
engineering**

Dhirendra S. Katti, PhD  
Indian Institute of Technology Kanpur

**Making and Shaping bones by the Fat-PCP-Hippo  
pathway**

Philippa Francis-West, PhD  
King's College London

**The bone of contention in osteoarthritis**

Amitabha Bandyopadhyay, PhD  
Indian Institute of Technology Kanpur
