

**Annual Meeting of
Indian Society for Developmental Biology
01-04 December 2013
Homi Bhabha Auditorium, TIFR, Mumbai**

Resurgence of Developmental Biology Research in India

InSDB 2013

The 2013 annual meeting of the Indian Society of Developmental Biologists (InSDB) is jointly hosted by IIT Kanpur and TIFR, Mumbai at the Homi Bhabha Auditorium in TIFR, Mumbai. InSDB 2013 will cover the entire range of research in developmental biology and related areas being carried out in India, with an emphasis on new initiatives and young investigators who have set up their research groups in recent years.

InSDB meetings place strong emphasis on interaction between participants to facilitate exchange of ideas and to promote collaborations. InSDB 2013 is also an ideal platform for graduate and post-doctoral researchers to showcase their research and learn firsthand about career opportunities.

Speakers

| | |
